Nice indoor spot for getting your putts in. Air conditioned track with a bar and grill and golf shop.

We had a corporate event there and everybody had a great time.

If you want to do some putting in Scottsdale during the summer without having to break a sweat, this is a great place to do it.

Ok, where has this place been all my life?!

I was visiting Scottsdale for 4 days of golf...This place is INSANE!... And it keeps getting better with their 18 hole putting course, with cocktail service the entire time & killer tunes cranking overhead.

The green are soooo true, tough and awesome, and some of the coolest interactive tech I've ever seen.

5 stars from the second I walked in, until I left 3 hours later. Such a fun night!!
